RESOLUTION

Expressing the sense of the House of Representatives concerning providing as part of health care reform financial incentives to promote worksite health promotion programs.

1 *Resolved*, it is the sense of the House of Representa-
2 tives that, regardless of the particular approach taken to
3 reform the health care system in the United States, there
4 should be financial incentives for employers to offer work-
5 site health promotion programs which provide appropriate
6 screening, counseling, and education for employees at the
7 worksite in order to promote health, safety, and personal
8 involvement in preventing illness and injury.
